5 MAY 1962

Lieutenant General Francis H. Griswold
Commandant, National War College
Washington 25, D. C.

Dear General Griswold:

Your letter of 13 April 1962 to the Director established a quota of four students from the Central Intelligence Agency to participate in the counter-insurgency course which will be conducted at the National War College, beginning on 11 June. A request was also made that the assignment of [] be extended until 30 June 1962 to serve as an instructor.

STAT

Arrangements have been made for extending [] assignment, and he has been so informed. We have elected to have one of our current students at the National War College remain for this additional course, and we are selecting three others to report at 0830 hours on 11 June to attend the two-week program. These are the four students designated to attend from this Agency:

STAT

[] 3-15
15
OS-15
3-14

Each of those designated possesses Top Secret clearance and is aware that attendance will require full-time duty for the two-week period. Should there be any additional reporting instructions or other administrative arrangements, may I suggest that our Director of Training, Matthew Baird, be contacted directly.

We appreciate the opportunity to participate in this program.

Faithfully yours,

(Signed) Marshall S. Carter
